RE: Air Conditioning Installation on July 12, 2004

Gentlepersons,

I wish to advise you of the professionalism and courtesy of your installation team who installed a Trane Air Conditioner in my home on July 12, 2004.

In my experience, it is a rare commodity to find that kind of service these days.

My compliments on a superior installation team. Thank them for their great work. You may be sure that I will use your company for referrals.

Thank you.

Sincerely,

Genevieve Goodacre.
